RAL 9010 is available from AVACE powder stocks delivered free to your UK facility in 2-3 working days. The standard pack size is 20kg for all online orders. Should you require minipacks they are available in multiples of 1kg, 5kg and 10kg, reducing unnecessary waste and costs. Contact our sales office for minipack pricing at sales@avace.co.uk

RAL 9010 is available in Architectural polyester gloss, semigloss or matt finish, meeting the

requirements of BS EN 12206 for Aluminium and BS EN 13438 for galvanised steel. It is also available in polyester semigloss leatherette and matt fine texture for steel fabrication and manufacturing sectors, where the textured finish is ideal to hide metal imperfections and provide an enhanced cosmetic appearance with excellent abrasion resistance. Textured finishes are all made to order and delivered in 7-10 working days.

Our stock RAL Classic range is complimented with our AVACE small batch fast track powder service. Specifiers and designers are looking for greater colour choice and are selecting colours from the RAL Design, RAL Effect, NCS, Pantone and British Standard ranges. The ability to manufacture a minimum of 20kg, in Architectural polyester powder textures in colours like *RAL 9010* and deliver free in 7 - 10 working days is a major service innovation from Avace. This fast track small batch colour service has unlocked creative design and a World of Colour for architects and designers.

A recent trend on residential and commercial buildings such as offices, hotels and restaurants is to coordinate colours on bi fold doors, windows and aluminium fabrications with those on the interior walls and ceilings. AVACE will now match all our powders in designer brand colours such as Little Greene, Farrow & Ball, Dulux and Zoffany. We also manufacture Little Greene Paints , Graphenstone English Heritage Paints, Jotun Marine and Protective Coatings at our site in the West Midlands so we can supply your total project requirements. Order online at https://www.avace.co.uk/.

Disclaimer:

AVACE Limited can match any colours including RAL Design, Pantone, BS, NCS , Dulux and Farrow and Ball. Minimum order quantity of 20kg, colour matched, manufactured and delivered free. This is a fast track service, once orders have been confirmed they cannot be cancelled or refunded. Although we aim to make the precise quantity ordered In view of the small quantities the yield can be +/- 10%.
